Cross-national comparison of youth justice 5 Executive summary Background to the research This volume is the final report in a cross-national scoping review of policy and practice in

Cross-national comparison of youth justice

Integration is a political and economic agreement among countries that gives preference to member countries to the agreement. General integration can be achieved in three different approachable ways: through the World Trade Organization (WTO), bilateral integration, and regional integration. In bilateral integration, only two countries economically cooperate with one another, whereas in ...

We show, via a massive (N = 689,003) experiment on Facebook, that emotional states can be transferred to

others via emotional contagion, leading people to experience the same emotions without their awareness. We provide experimental evidence that emotional contagion occurs without direct interaction between people (exposure to a friend expressing an emotion is sufficient), and in the complete ...
