with her and her family, and we ended up spending most of the night together. As for my curiosity, I was rewarded. It took most of the tools in my pick up skill set, but like many girls before, she too ended up in my bed. It all started with a little look. The single most important aspect of being good with women, picking up girls, is eye contact.

The girl getting this text is going to think to herself, "Hmm, I wonder where?" and will probably ask him about it. This engages her curiosity and makes her want to write back far more effectively than in our other example. Furthermore, our guy made the message personal, by asking her how her day is going and including a nickname.
