Course Description. Engineering-LAS Online Learning has partnered up with AACE International to offer an AACE certification exam prep course. Participants will learn and review foundational knowledge for cost engineers and project control professionals.

Fundamental Skills and Knowledge of Cost Engineering – ELO

When estimating the cost for a project, product or other item or investment, there is always uncertainty as to the precise content of all items in the estimate, how work will be performed, what work conditions will be like when the project is executed and so on. These uncertainties are risks to the project. Some refer to these risks as "known-unknowns" because the estimator is aware of them ...

About Virtual Manipulatives . What is a virtual manipulative? In What are Virtual Manipulatives?, Patricia Moyer, Johnna Bolyard, and Mark Spikell (2002) defined a virtual manipulative as "an interactive, Web-based visual representation of a dynamic object that presents opportunities for constructing mathematical knowledge" (p. 373). Static and dynamic virtual models can be found on the Web ...
