Social media marketing is the use of social media platforms and websites to promote a product or service. Although the terms e-marketing and digital marketing are still dominant in academia, social media marketing is becoming more popular for both practitioners and researchers. Most social media platforms have built-in data analytics tools, which enable companies to track the progress, success ...

The development of social media started off with simple platforms such as sixdegrees.com. Unlike instant messaging clients, such as ICQ and AOL's AIM, or chat clients like IRC, iChat or Chat Television, sixdegrees.com was the first online business that was created for real people, using their real names. The first social networks were short-lived, however, because their users lost interest.

To be fully understood, literary production has to be approached in relational terms, by constructing the literary field, i.e. the space of literary prises de position that are possible in a given period in a given society. Prises de position arise from the encounter between particular agents' dispositions (their habitus, shaped by their social trajectory) and their position in a field of ...
