A bill of lading (sometimes abbreviated as B/L or BoL) is a document issued by a carrier (or their agent) to acknowledge receipt of cargo for shipment. Although in England, the term once related only to carriage by sea, a bill of lading may be used for any type of carriage of goods. Bills of lading are one of three crucial documents used in international trade to ensure that exporters receive ...

Bunkering is the supplying of fuel for use by ships, and includes the shipboard logistics of loading fuel and distributing it among available bunker tanks.. The term originated in the days of steamships, when the fuel, coal, was stored in bunkers. Nowadays the term bunker is generally applied to the storage of petroleum products in tanks, and the practice and business of refueling ships.

Dugard International Law: A South African Perspective at 76. This statement does not appear in the fourth edition of Dugardâ€™s book. If anything, in the years between the first and fourth editions, the right to self-determination appears to have been more firmly and broadly entrenched as a right recognised by customary international law and not only in the context of decolonisation.

Most voyage charterparties make the commencement of laytime conditional on the tender of a valid notice of readiness. If the notice is invalid, then in the absence of a waiver by charterers (on which see below) laytime will not commence at all, even if the charterers knew or ought to have known that the vessel was in all respects ready.
