

cost accounting a managerial pdf

Cost accounting is basically the branch of financial accounting. Cost accounting is the recording of all the costs incurred in a business. The main objective of cost accounting is to give true and exact information about the profit of the organization and all the costs that are incurred to earn that profit.

Download Cost Accounting: A Managerial Emphasis

Such managerial accounting information tends to be focused on products, departments, and activities. In this context, the management process is intended to be a broad reference to encompass marketing, finance, and other disciplines. Simply stated: managerial accounting is about providing information in support of the internal management processes.
