Memorial Hermann Health System's Financial Assistance Policy and Admissions Policy govern how financial assistance is provided. On the basis of these policies, a determination will be made regarding a patient's eligibility for financial assistance. Payment from all other possible payment sources must be exhausted before a patient can be considered for the financial assistance program.

Choosing a CERTIFIED FINANCIAL PLANNER® (CFP®) professional is as important as choosing a doctor or lawyer; it's a very personal relationship. Many CFP® professionals specialize in working with certain types of clients, such as small-business owners, executives or retirees. Some specialize in certain areas of planning such as retirement, divorce or asset management.

A health system, also sometimes referred to as health care system or as healthcare system, is the organization of people, institutions, and resources that deliver health care services to meet the health needs of target populations.. There is a wide variety of health systems around the world, with as many histories and organizational structures as there are nations.

### **Health system - Wikipedia**

Health care or healthcare is the maintenance or improvement of health via the prevention, diagnosis, and treatment of disease, illness, injury, and other physical and mental impairments in human beings. Health care is delivered by health professionals (providers or practitioners) in allied health fields. Physicians and physician associates are a part of these health professionals.

Benchmarking improves performance by identifying and applying best demonstrated practices to operations and sales. Managers compare the performance of their products or processes externally with those of competitors and best-in-class companies, and internally with other operations that perform similar activities in their own firms.
