How can you be focused if you are staring at your iPad? The point for many in writing with a stylus is to allow you to forget about the technology and to just take notes. And this is how both versions of MyScript excel, it does not run its text conversion until after you are done writing your notes! There are no fancy options with MyScript Memo. First, the app forces to you write in portrait mode, kind of like writing on a piece of paper.

The OneNote program is buggy and I cannot write on PDFs using that program. On my iPad, I use NotesPlus and it works fine. But I don't want to use the iPad -- I want to use my Surface Pro 3. Just answer the question directly -- tell us in simple English whether you can make hand-written notes on the Surface Pro and if yes, explain how we do it.
